Chapter Two

Contribution to Capital and Division of Profit & Losses

Article 11 (*)

The contribution of partners to the capital of a Commercial Company may consist of money or may be a contribution in kind consisting of real or personal property, or intangible property rights or the services of one or more partners subject to the special provisions governing each form of Company.

The value of all contributions to the capital of the Company shall be stated in the Memorandum and Articles of Association of the Commercial Company in terms of money.

If the Authority for the Settlement of Commercial Disputes, upon a complaint by a partner or a creditor of the Company finds that a partner's contribution in kind has been overvalued, the partner shall then pay to the Company, in cash, the differences between the estimated value of the property contributed by such partner and its true value as at the time of contribution. All partners of the

Company shall be jointly and severally liable to creditors of the Company for the payment of such difference to the Company, with recourse against the partner whose contribution has been overvalued.

(The name of the Authority for Settlement of Commercial Dispute has been amended to Commercial Court by Royal Decree No. 13/1997.*

Liability under this paragraph shall be barred, however if the value of the contribution in kind to the Capital has been appraised prior to the Company's registration in the Commercial Register by an expert appointed by the Authority for the Settlement of Commercial Disputes at an amount not less than 80% of the value stated in the Company's Memorandum and Articles of Association.

Article 12

In the absence of an agreement to the contrary, the partners' contributions to the capital of a Commercial Company shall be deemed of equal value.

If a partner defaults in making his contribution to the capital of the Company, the remaining partners may either expel him from the Company or insist on the performance of his obligation to the Company, without prejudice in either case to their or the Company's right to claim damages from the defaulting partner.

If a partner's contribution consists of a debt owed by another person, such partner shall be considered as having made his contribution only when and to the extent the Company receives payment of the debt from the debtor or from such partner and the contribution shall be equal to the debt received by the Company. If such debt is represented by negotiable instruments having a determinable value in the financial markets, then such debt may be contributed as property in kind at its value in the financial markets and the contributor to the debt so contributed shall not be held responsible for the payment of such debt by the debtor.

If a partner's contribution consists of property rights or property, such partner shall be deemed to have given the Company his guaranty against hidden defects and defects in title.

Article 12 bis (*)

The Ministry shall have the right to instruct Companies to provide an audited annual balance sheet according to the rules and on the dates declared by the Minister of Commerce and Industry.

Article 13

All partners shall share the Company's profits and losses. If the Company's Memorandum and Articles of Association do not specify the partner's shares in the Company's profits and losses,

then each partner's share therein shall be in proportion to his share in the Capital of the Company.

(Added by Royal Decree No. 83/1994*

If the Company's Memorandum and Articles of Association specify only the division of profits, such specification shall then apply to losses and vice versa.

Any provision in the Company's Memorandum and Articles of Association or any other agreement purporting to deprive a partner from participating in the profits or to exempt a partner from participating in the losses of the Company shall be null and void, and in such case the provisions of the preceding paragraph shall apply.

Chapter Two (1) (*) **Transformation of Companies**

Article 13 (2)

Without prejudice to the provisions regulating Gulf Investment in Oman promulgated by the Royal Decree No. 57/1993 and subject to the provisions of Articles (5), (58), (61) and (124) of the Law, a Company may be transformed from one form into another provided that it has issued three audited annual balance sheets. The transformation shall take place in accordance with a resolution made pursuant to the conditions set out for amending the existing Company's Memorandum or Articles of Association, and the completion of incorporation proceedings and the conditions specified for the new form.

The transformation of the Company shall not result in the creation of a new juristic person. The Company, after transformation, shall maintain its rights and liabilities that preceded such transformation which shall not release the jointly liable members from the liabilities of the Company preceding the transformation unless the creditors agree. However, such agreement shall be assumed valid if none of the creditors objects in writing within two months from the date of being official notified of the transformation resolution pursuant to the procedures decided by the Minister of Commerce and Industry.

If any of the creditors objects to the Ministry of Commerce and Industry against such transformation, the procedures thereof shall

not be completed until after the payment of the debt or after the Company has issued out a decision of the Authority for the Settlement of Commercial Disputes rejecting such objection.

(Added by Royal Decree No. 83/1994*

Article 13 (3)

In the event of transformation, each partner shall have a number of shares or proportions in the new Company equivalent to the value of shares or proportions he had prior to the transformation.

If the transformation is to a Limited Liability Company, and the value of a partner's shares is less than the minimum nominal value of a share in the Company, then such member shall have to pay the balance of such value in cash within one month of the date of his notification of the same; otherwise he will be deemed withdrawn from the Company and the value of his share shall be paid according to its market value on the date of transformation.

If no objection is received during the aforesaid period, the merger shall be deemed final and consequently the incorporating Company or the new Company shall replace the incorporated Companies in all their rights and liabilities.

Article 13 (9)

The authority in charge of management of the Companies deciding to merge shall remain until the merger comes into effect.

The bankruptcy of a general partnership shall result in the bankruptcy of each of its partners.

() Amended by Royal Decree No. 83/1994*

Article 32

A partner who has withdrawn from the partnership shall not be held liable for the debts incurred by the partnership shall not be held liable for the debts incurred by the partnership subsequent to the date of the registration of the partner's withdrawal, in the Commercial Register but he shall remain liable for the partnership's debts incurred on the date of such registration. Article 33

Chapter Two

Management of the General Partnership

Article 34

All partners of a general partnership shall be deemed managers of the partnership, nevertheless, the partnership's Memorandum of Association or a subsequent agreement concluded between all the partners, and registered in the Commercial Register may provide that management shall be entrusted to one or more managers who shall be natural persons and who may be partners or non-partners.

Article 35

The Managers of the partnership may perform all acts in realization of the partnership's objectives unless their authority is

limited by the Company's Memorandum of Association or by a subsequent agreement concluded between all partners and registered in the Commercial Register.

The Managers shall not, however, perform the following acts unless they are expressly authorized to do so by the partnership's Memorandum of Association or by a unanimous decision taken by all partners:

- a) Make donations except small and ordinary donations required by business.
- b) Sell all or a substantial part of the partnerships assets.
- c) Mortgage or pledge the partnership's assets except to secure the partnership's debts incurred in the ordinary course of the partnership's business.
- d) Guarantee third parties' debts except the guarantees made in the ordinary course of business in order to fulfil the partnership's aims.

Article 36

If there are several managers, and in the absence of a contrary provision in the partnership's Memorandum of Association, the partnership's decisions shall be reached by the absolute majority of the votes of all its managers, unless the decision is opposed by a manager or a partner on the ground that the proposed action is contradictory to the partnership's Memorandum of Association, in which event the matter may be referred to the Authority for the Settlement of Commercial Disputes to decide the objection.

Decisions, which may require amendment of the partnership's Memorandum of Association, shall be reached only by the unanimous vote of the partners.

Article 37

The general partnership shall be bound by all acts performed by its managers acting in its name and within the scope of their authority. A third party, in good faith, shall be entitled to assume that any act done by a manager of the partnership in the cause of its business is within the scope of such manager's authority, and is

consequently binding on the partnership unless the limitation of the manager's authority is registered in the Commercial Register.

Article 38

Partners of a general partnership who are not managers shall be precluded from management and they shall not act in the name of the partnership. However, such partners shall be entitled to inspect the partnership's books and records and they may apply to the Authority for the Settlement of Commercial Disputes for annulment of any decision taken by the partnership contrary to the Law or the partnership's Memorandum of Association. Any agreement depriving any partner of the said rights shall be null and void.

Article 39

A manager of the partnership shall not be removed from office except by a unanimous decision taken by all the partners or, if partnership's Memorandum of Association so provides, by a decision of a majority exceeding half of all the partners. If the manager is, at the same time, a partner, he shall not take part in voting on the decision, which shall be made by all the partners unanimously or by majority as the case may be. A member may also be removed from office by a decision passed by the Authority for the Settlement of Commercial Dispute upon request of one of the partners if the said Authority finds a legitimate cause that justifies such removal.

Chapter Three

Dissolution & Liquidation of the General Partnership

Article 40

In addition to the provisions provided in chapter three of part one of this Law, the following provisions shall apply to the dissolution and liquidation of the general partnership.

Article 41

Unless the partnership's Memorandum of Association provides otherwise, the partnership shall be deemed dissolved upon the death, declaration of ineligibility or bankruptcy or withdrawal of one of its partners. The remaining partners, however, may decide unanimously to continue the partnership among themselves,

provided such decision should be registered in the Commercial Register.

Article 42

A partner whose withdrawal from the partnership causes the latter's dissolution shall be liable to the other partners for the damages caused by his withdrawal if it constitutes a breach of the partnership's Memorandum of Association. Withdrawal from a partnership established for an indefinite period shall not be considered a breach of the partnership's Memorandum of Association.

Article 43

Notwithstanding any agreement or provision in the partnership's Memorandum of Association to the contrary, the Authority for the Settlement of Commercial Disputes may, upon the request of one of the partners, decide the dissolution of the partnership because of the failure of one or more partners to fulfill their obligations or for any other reason which the Authority deems serious to such an extent that obligates the dissolution. The partners may also petition for the removal of a partner from the partnership by the Authority for the Settlement of Commercial Disputes if such partner's acts may be considered sufficient reason for the dissolution of the partnership.

Article 44

In the event the partnership is continued following the death, declaration of ineligibility, bankruptcy or dismissal of a partner, such partner, or his heirs or his legal representatives, as the case may be, shall be entitled to the value of such partner's share in the partnership assessed on the basis of a special inventory list established as of the day of the event which resulted in such partner's separation from the partnership. In case of dispute on the value of such share, the assessment of the share shall be made, at the request of any interested party, by the Authority for the Settlement of Commercial Disputes, on the ground of a report by one or more experts to be appointed by the Authority unless the parties agree on another way of assessment. The value of the share shall be paid to the beneficiaries in cash or in kind, either in full or in installments as may be agreed, otherwise as may be decided by the Authority for the Settlement of Commercial Disputes. The beneficiaries shall have no share in the subsequent revenues of the partnership.

Article 45

After its dissolution the partnership shall be liquidated pursuant to the Law and the provisions of its Memorandum of Association provided such provisions do not violate any legal provisions of mandatory nature.

A limited partner shall not be deemed to be participating in the management of the partnership for mere participation in the internal management in the course of exercising the rights provided by Law or the partnership's Memorandum of Association, or for mere supervision he may exercise over the acts of the managers of the partnership, or because he has given them advice or an opinion or matters relating to the partnership.

The Managers shall acknowledge the receipt of the notice of intent and the date of receipt, and shall promptly send a copy of the notice to each other partner of the Company at his domicile which is indicated in the partners register. The Managers, when sending such notice to the other partners, shall advise such members, in writing, on their preemptive right to purchase the shares offered on the terms specified in the notice by giving notice of their intention to do so to the Managers of the Company and by depositing the full amount of the purchase price of the number of shares they wish to purchase within 45 days from the date on which the notice of the proposed assignment has received by the Managers. The notice of intent to exercise the preemptive right shall not be valid unless it expresses acceptance of all the terms, described in the notice of proposed assignment, unless it is accompanied by an acceptable deposit of the full purchase price and unless it is received by the Managers within the period provided in this Article.

Article 145

If valid notices of intent to exercise the preemptive right are received from more than one partner and the aggregate number of the shares such partners wish to purchase is greater than the number of shares offered, then the shares offered shall be divided between them to the nearest whose share in proportion to the number of shares owned by each of them, and any remaining shares shall be held by such partners under joint ownership. If a partner elects to purchase less than his proportionate share, all shares he has elected to purchase shall be allocated to him and the

remaining shares shall be divided among the remaining partners pursuant to the provisions of this Article.

Article 146

If no valid notice of intent to exercise the preemptive right is received from any partner of the Company, or if the valid notices received relate in the aggregate to less than the number of shares offered, the managers may decide to purchase, in the name of the Company and on the terms provided in the notice of the proposed assignment, such number of shares offered which have not been purchased by the partners of the Company, provided that the Company's Memorandum of Association or any Resolution adopted by the partners meeting provides otherwise, and provided that the purchase price of such shares shall not be paid from the capital of the Company or its legal reserve. Shares so purchased in the name of the Company shall be held by all partners of the Company under joint partnership in proportion to the number of shares owned by each of them, however, such shares as long as they are so held, shall neither be voted in partners meetings nor be counted in determining a quorum or a required majority at such meetings, nor shall such shares be considered in the distribution of dividends or the assets of the Company. Upon sale of such shares, the proceeds shall be paid to the Company and shall be added to the reserves.

Article 147

If the partners of the Company have decided to purchase the shares offered, the Managers of the Company shall send a written notice to the selling partner expressing their wish to exercise the preemptive right and such notice shall be accompanied by the purchase price of the shares specified in the notice of proposed assignment. If such notice and the same amount are not received by the selling partner within 50 days from the date on which the notice of proposed assignment was received by the Managers, such partner shall be free to effect the assignment provided such assignment is effected within the next 30 days and in accordance with the terms specified in the notice of the proposed assignment.

Article 148 (*)

The preemptive rights related to the partners and the Company shall not apply to the shares transferred by inheritance or will on the death of a partner. If shares are transferred by inheritance or will to more than one person causing the number of partners to

exceed forty partners, then such shares shall be held by all heirs or legatees under joint ownership unless such heirs or legatees agree to transfer such shares to such number of them which maintains the number of partners within the maximum allowed.

Article 149

The capital of the Limited Liability Company may be increased by an unanimous decision of the partners. Each partner shall have the right to subscribe for a number of new shares in proportion to the number of shares he owns, and if a partner has subscribed for less than the proportion

(Amended by Royal Decree No. 83/1994*

he is entitled to, the remaining shares may be subscribed for only by other partners in proportion to the number of shares owned by them.

Article 150 (*)

The Capital of the Limited Liability Company may be reduced by an unanimous resolution made by the partners if such capital exceeds the need of the Company or if the Company has incurred losses, however, the capital of the Company shall not, in any case, be reduced to less than RO 20,000/- (Rials Omani Twenty Thousand).

The resolution to reduce the capital of the Company shall be published in Arabic local newspapers for two consecutive times together with a notice inviting all the creditors of the Company to submit their objections within 30 days from the date of publication.

The reduction of capital shall be effective only after the expiry of such 30 days and after all objecting creditors have been satisfied either by paying their debts or by giving them suitable security.

Any provision or term that limits the liability of the Managers shall be null and void.

Article 156

If the Company is under liquidation, the liquidator of the Company may decide the institution of the action. Any partner may propose the suing of the Managers, and if the partners meeting does not adopt such proposal, he shall have the right, then, to institute the case on behalf of the meeting. If such case is successful, such member shall be reimbursed the costs and expenses of the case from the amount adjudged provided the balance shall be paid to the Company.

Article 159

Within four months after the end of the Company's financial year, the Managers of the Limited Liability Company shall prepare a balance sheet as of the end of the Company's financial year and a profit and loss statement for the expired financial year. If the Company has auditors, the Managers shall put such documents, together with a report on the Company's operations during the expired financial year and the proposed allocation of the net profits, if any, at the disposal of the Company's auditors within the same period. The auditors shall prepare their report to the partners meeting and put a copy thereof at the managers disposal within two months from the date of their receipt of the Company's financial statement and the Manager's report.

Article 160

The Managers shall send a copy of the Company's balance sheet and the profit and loss statement and the reports of the Managers and Auditors, if any, concerning the expired financial year, together with a notice of a partners meeting for the approval of these documents and the allocation of the net profits, if any to each partner of the Company within six months after the end of the Company's financial year. Article 162

Every partner shall have the right to attend partners meeting and shall have one vote for each share he owns or represents.

A member may give a written proxy to another person to attend and vote at the partners meeting as his representative. Such proxy may be revoked by the partner at any time. Such representative shall be a member of the Company unless the Company's Memorandum of Association provides otherwise.

Article 163

Membership meetings may be convened by the Company's Managers at any time and shall be convened by the Managers wherever required by Law or the Company's Memorandum of Association or upon request by one or more partners representing at least one fifth of the Company's capital. If the Managers fail to convene the partners Meeting when so required or requested, any member may request the Authority for the Settlement of Commercial Disputes to appoint a person to convene the said meeting and prepare the agenda.

Notice of the meeting shall be sent to each partner at least 20 days prior to the date set for the meeting. The notice shall not be valid unless it includes the agenda of the meeting. The partners meeting
